

A-Clean / Antimoss

Product description

Iso A-Clean, is delivered as a concentrate. It must be diluted with water, and can be used for all washable surfaces. Iso A-Clean is very effective and disinfecting on areas with green or greasy coatings and against bacteria and fungus.

It will work very actively against re-growth.

Use

To be used on all kinds of roofs, skylights, plinths, walls, stairs, tiles, greenhouses, terraces etc

Mix 1 part Iso A-Clean with 50 parts of lukewarm water, depending on the effectiveness of the product you want to use. After treatment it works for 3-5 days. On very difficult or very overgrown areas the mixture should be 1:25.

Iso A-Clean must be used in dry weather. Please use protection gloves and glasses during the application.

Avoid contact with eyes and skin. We recommend protective gloves and the use of Iso A-Clean.

Iso A-Clean must be used in dry weather.

Please make a test coat of the surface for controlling the capability.
